Variety description

SIRKATY is a high-quality perennial ryegrass variety, which is extremely well-suited for use in recreational and hard-wearing lawns. In particular, the German classification of lawn seed mixtures (RSM) gave the variety a 9, its highest rating, for use in hard-wearing lawns. Furthermore, this variety stands out for its high rate of coverage and the resulting freedom from weeds. SIRKATY is often included in premium mixtures thanks to its fine leaves and medium-green colour.

Most important characteristics

Very high rate of coverage
Very good weed suppression
Used in recreational and hard-wearing lawns
RSM rating of 9 (highest grade!) for hard-wearing lawns
